# PREFACE.

We take great pleasure in presenting to the citizens and the general public the 49th edition of the Cambridge directory. It is and always has been our aim to make a *careful canvas* from *house to house* and *door to door*, yet after doing this some people *will not* give our canvassers the desired information. We trust each one will take *time* and *interest* enough in the work to *give* the information *when* asked for, by so doing the work will be done more satisfactory to all. Thanking all who have assisted us to make the directory complete,

We remain Respectfully,

AHERN'S POLICY.

The Policy that's best of all
Is Honesty, 'tis said ;
And yet 'tis said an honest man
Will never get ahead.

Here is a chance for argument
If one had space or time,
But there's another Policy
Behind this simple rhyme.

A policy that's honest, too,
Of which all men should learn;
The WISE INSURANCE POLICY

INSTRUCTIONS TO KEY HOLDERS.

Alarms to be given from the box nearest the location of the fire.

Do not give an alarm for a fire seen at a distance, unless assistance is called for.

To give an alarm, open the door, pull the hook to the bottom of the slot once, and let go. Each box contains a small bell which, if heard before you pull, indicates that an alarm has been previously given, and by listening at the box, you will learn the number of the box from which the alarm was given, but in no case will you pull the hook while the alarm is striking. After giving the alarm, remain at the box, so as to direct the firemen to the fire. Be sure that you lock the box before leaving it.

Citizens are requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed being placed over each box giving the requisite information.

First alarm will be given by striking two or more rounds of box number.

Second alarm will be given by repeating the first alarm.

Third alarm will be given by striking three blows twice on gongs, bells and whistles.

General alarm will be given by striking three blows three times on gongs, bells and whistles.

THERE are grades and qualities in all sorts of goods. Nowhere is this truth apparent than in the realm of art, especially in art photography. When you get those photos which you are thinking of having made, you want the best that a reasonable amount of money will buy. **Go to PACHS' FAMOUS STUDIO,** Massachusetts Avenue, near Harvard College, Cambridge, and you will be satisfied with the result, because they have a reputation to sustain. No stairs to climb.
